

Thank You

The AHHA Board would like to thank Rich Meganck, Larry Tingwall, & Wayne Trucke for their efforts in spreading barkdust throughout the Commons. These are your neighbors and if you get a chance you might express your acknowledgement of their efforts. Their work saved the AHHA more than a thousand dollars and provides us all with the opportunity to see what power community effort can accomplish.

If you are interested in participating in future one day projects just email the AHHA Board at board@abiquaheights.com. Projects under consideration include painting lines on the basketball court and maintenance of the shrubs and plant beds in the Commons.
